

Verb TABLES

Product Information Packet

Verb

Classrooms often get in the way of active learning. Instructors are introducing new pedagogies, mixing team projects and small group collaboration with lecture and group discussion all in the same time period, but classrooms aren't keeping up. That's where Verb[®] comes in. Verb is an integrated table-based ecosystem designed to support a full range of teaching and learning styles on demand.

Why choose Verb?

Verb is the result of a tremendous amount of research and data gathering. This research has driven our understanding of the need to focus on integrative active learning environments.

Key Features

- Unique table shapes create better sightlines and enhance collaboration and are available in a variety of sizes to accommodate most classroom needs
- Tables are designed for mobility to easily accommodate shifts between modes of learning
- New access leg design maximizes the ability for a student to pull up to the end of the table without interference
- Personal sized whiteboard is dual sided and made of our e3 ceramicsteel material
- Plastic docks and hooks on tables integrate with whiteboards to provide quick collaborative display and onboard storage
- Instructor station supports multiple postures via a positionable lectern and accommodates different work modes with three distinct zones to support instruction, collaboration and concentrated work
- SCS Indoor Advantage[™] certification for protecting indoor air quality – Gold
- level[™] 3 and 2 certified to BIFMA e3 standard

Table Top

High-pressure laminate (HPL) worksurfaces are 1-3/16" nominal finished thickness and feature balanced construction to prevent bowing or warping, with laminate on the top surface and a 0.030 inch thick backer on the bottom. The particleboard wood core is 45 lb/cu in. density. The laminate and backer are permanently attached and reinforced under pressure to the wood core.

Legs

Fixed-height access legs are tubular steel with a 4-1/2" square mounting plate of 7 ga. (3/16" nom.) thick steel. Telescoping adjustable-height straight legs are steel tubes which are firmly mounted to the underside of the worksurface with screws.

Sustainability Highlights

- SCS Indoor Advantage™ certification for protecting indoor air quality – Gold
- level™ 3 and 2 certified to BIFMA e3 standard

SCS Global Services does hereby certify that an independent assessment has been conducted on behalf of:

Steelcase, Inc.
901 44th Street SE, Grand Rapids, MI, United States

For the following product(s):

Tables:
B-Free Occasional Table, Bassline Tables, Verb™ Student Tables

The product(s) meet(s) all of the necessary qualifications to be certified for the following claim(s):

level™ 3
Conforms to ANSI/BIFMA e3-2014e Furniture Sustainability Standard

Registration # SCS-SCF-04908
Valid from: September 2, 2018 to September 1, 2021

Stanley Mathuram, PE, Vice President
SCS Global Services
2000 Powell Street, Ste. 600, Emeryville, CA 94608 USA

SCS Global Services does hereby certify that an independent assessment has been conducted on behalf of:

Steelcase, Inc.
901 44th Street SE, Grand Rapids, MI, United States

For the following product(s):

Tables:
AirTouch®, Campfire™ Big Table, Campfire™ Slim Table, Lagunitas Tables, Montara650 Table, Ology Bench, Ology Height-Adjustable Desk, Potrero415 Tables, Umami Table, Universal Worksurface, Verb™ Active Media Table, Verb™ Teaching Station

The product(s) meet(s) all of the necessary qualifications to be certified for the following claim(s):

level™ 2
Conforms to the ANSI/BIFMA e3-2014e Furniture Sustainability Standard

Registration # SCS-SCF-03406
Valid from: September 2, 2018 to September 1, 2021

Stanley Mathuram, PE, Vice President

Environmental Attributes

Product Category	— Education Solutions
Certifications	<ul style="list-style-type: none"> — SCS Indoor Advantage™ and Indoor Advantage™ Gold certified (depending on options) for indoor air quality in North America — level™ 2 certified to ANSI/BIFMA e3 standard
LEED Contribution	<ul style="list-style-type: none"> — Recycled content — Regional materials — Certified wood — Low-Emitting materials — Sustainable purchasing
Environmental Facts	<ul style="list-style-type: none"> — Up to 97% recyclable — Up to 68% recycled content

Recycled Content Summary

Model	Total Weight (lbs)	Recycled Content (lbs and %)		Post-Consumer (lbs and %)		Pre-Consumer (lbs and %)		Recyclability (lbs and %)	
Instructor Station	75.7	51.4	68%	3.5	5%	47.9	63%	19.7	26%
Tables	53.3	35.6	67%	2.4	5%	33.2	62%	13.8	26%
Whiteboards	4.7	1.6	34%	0.6	12%	1.0	22%	3.2	68%
Easel	81.6	24.4	30%	13.7	17%	10.7	13%	79.6	97%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on Verb of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post consumer + ½ pre-consumer
			Instructor Station – (5%) + (63%) = 36.2%
			Tables – (5%) + (62%) = 35.7%
			Whiteboards – (12%) + (22%) = 23.1%
			Easel – (17%) + (13%) = 23.2%
	Materials & Resources	MR 5 (regional materials)	Verb® Instructor Station and Easel are assembled in Grand Rapids, MI. Tables are assembled in Tijuana, MX. Whiteboards are assembled in Milwaukee, WI. Projects ≤ 500 miles from these locations qualify.
	Materials & Resources	MR 7 (certified wood)	Steelcase offers FSC certification as an option, which contributes to this credit.
	Indoor Environmental Quality	IEQ 4.5 (low-emitting materials)	Verb® is SCS Indoor Advantage™ and Indoor Advantage™ Gold certified for indoor air quality in North America (depending on options).
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	See MR 4 above.
	Materials & Resources	MR 7 (certified wood)	Steelcase offers FSC certification as an option, which contributes to this credit.
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	Exceeds the ≥ 10% post consumer or ≥ 20% pre-consumer criteria.

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).

Product Compliance Laboratory Confirmation of Product Compliance

6/2/2015

Steelcase Verb products have been designed, engineered, and manufactured, to meet or exceed all applicable ANSI / BIFMA (American National Standards for Office Furnishings) requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI / BIFMA Test Requirements:

ANSI/ BIFMA X 5.5 Desk /Table Products Tests

Products included:

Student Tables
Teacher Station
Easel

In addition to the ANSI / BIFMA standards the Answer product has been tested and found to be in compliance with the following standards.

UL 1286 Standard for Safety of Office Furnishings¹ (including the flammability requirement of)

Flame Spread Index (FSI) less than 200

Smoke Developed Index (SDI) less than 450 (unless labeled "Smoke Developed Index Over 450")

When tested to UL 723 Surface Burning Characteristic of Building Materials^{1,2} (ASTM E 84 or NFPA 255 test methods)

¹ This specification is not included in the scope of accreditation.

² Where applicable compliance to the UL Standards is evidenced by UL labels affixed to the product.

Steelcase uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing, Codes & Approvals

Note:

This document may be reproduced in full only.

Steelcase products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase application guidelines and assembly directions. The use of unauthorized non-Steelcase components, parts, or materials with integrated Steelcase product solutions VOIDS all Steelcase claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase components in an integrated product solution not designed, tested, or supported, by Steelcase is an unauthorized modification of the original product which voids all Steelcase warranties, expressed or implied.
